

# SMARTdri® Plus K-973P

## WORLD DRYER Intelligent High-Speed Energy Efficient Hand Dryers

SMARTdri® Series features high-speed, energy efficient, durable, hygienic hand dryers with flexible controls. A compact design is combined with an extended life motor to withstand high-demand environments. The intelligent, flexible controls allow customizing of airflow, sound quality, and heating options to fit any application.

### Product Benefits

- 10 second dry time
- Energy efficient utilizing only 12% energy of traditional dryers and up to 50% less energy than competitive high-speed hand dryers.
- Intelligent on/off heating and 3-speed motor controls optimize energy efficiency and user comfort
- Extended life motor with 2-3 times longer service life than competitive high-speed dryers
- SMARTdri Plus - high intensity single port nozzle
- Antimicrobial technology protects the treated surfaces on the dryer by inhibiting the growth of bacteria, mold and fungus that can cause stains, odors or deterioration
- IP24 protection against harmful water ingress
- Automatic operation

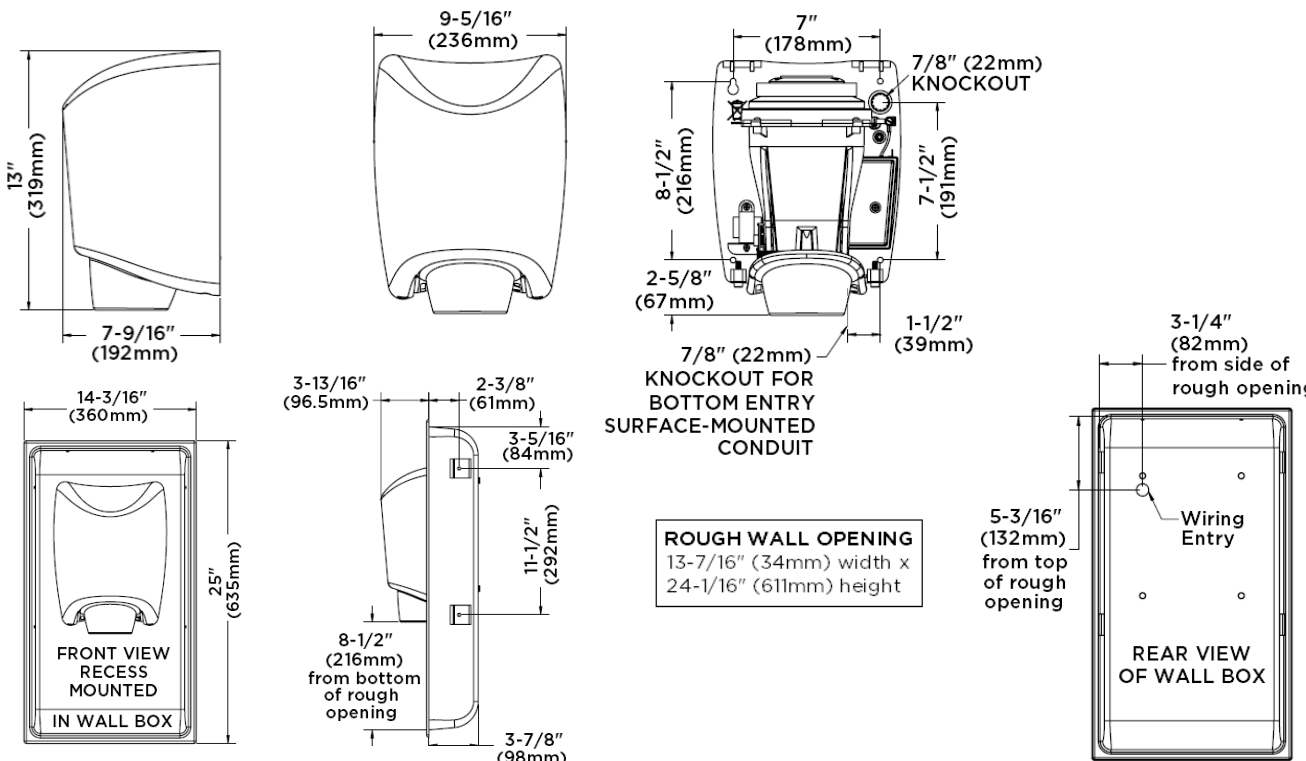

PERFORMANCE	
	SMARTdri Plus
Dry Time:	10 seconds
Nozzle Type:	Single Port Nozzle
Air Velocity:	250 mph (22,000 LFM)
Air Flow:	78 CFM
Air Temperature: (at 70° room temperature)	140°F
Sound @ 79 in (2 m)*	68 dBA

ELECTRICAL	
Voltage:	Available in 120 V and 240V models
Power:	400 - 1200 Watts
Frequency:	50 / 60 Hz
Recommended Circuit:	Dedicated 15 Amp

\* Sound measured at 79 in (2 m) in semi-anechoic chamber.

CONSTRUCTION	
Cover Options (Material / Finish)	Stainless Steel (Brushed / Satin Finish)
Motor	Thermally-protected universal type, through-flow discharge vacuum type, 1.07 HP, 23,400 RPM
Heating Element	Nichrome wire construction, 400 watts, with auto-reset thermal-protector, so power is disconnected if the air is not flowing
Electronic Controls	Dedicated voltage (120 and 240 V)
Activation	Automatic touch-free infrared activation with a 30-second vandal-resistant lockout feature
Enclosure Security	Cover attached with tamper-resistant screws; security wrench included.
Electrical Connection Access	Access for wall mounted junction box and for bottom-entry surface mounted conduit
10 Year Limited Warranty	Warranted by the manufacturer to be free from defects in material workmanship for a period of ten (10) years from the date of purchase. Models sold outside North America warranted for (5) years. See warranty statement for limitations and exclusions.

# Surface Mounted

## Optional Recess Mounted (KKR-973 Recess Kit Not Included)

### Placement Instruction

- Hand dryers should be spaced at least 2 feet apart, near but not over the washbasin
- In congested areas, dryers should be located to create a flow from wash basin to dryer to exit
- SMARTdri Series should be mounted at least 18" above or away from reflective surfaces, which may interfere with the automatic sensor operation.
- Dryer Quantity Recommendation:
  - Average Traffic: 1 dryer per 2 wash basins
  - Heavy Traffic: 1 dryer per wash basin
  - Industrial 54" Circular wash fountains: 4 dryers per sink

- Recommended mounting heights from floor to dryer bottom edge

Men's washrooms	46" (117 cm)
Women's washrooms	44" (112 cm)
Children's washrooms, ages 4-7	32" (81 cm)
Children's washrooms, ages 7-10	36" (91 cm)
Children's washrooms, ages 10-13	40" (102 cm)
Children's washrooms, ages 13-17	44" (112 cm)
Handicap Mounting Height	37" (94 cm)

### Installation Guide

- SMARTdri Series hand dryers require a dedicated circuit and must be properly grounded.
- GFI circuit protection is recommended.
- One side of dryer should be mounted to a stud
